About Bexprt

Bexprt enables organizations to achieve their business goals, over the cloud. We specialise in Advanced Analytics, Generative-AI, Resilience and Telco Cloud.

Founded in 2018, Bexprt's HQ is in Wokingham, UK, with a regional office in Riyadh, Saudi Arabia, working with clients globally. With an extensive background in the telecom sector, we apply our cloud expertise to address clients' use cases and ambitions, across all business sectors, and four continents.

Our values: the foundation of our success and long-term partnerships,
Integrity ◦ Ownership ◦ Loyalty ◦ Transparency ◦ Value-Adding

The Bexprt team is growing steadily, and today employs an expert team of staff from eight nationalities who together speak more than 10 languages. We've successfully undertaken projects in 17 countries across four continents.
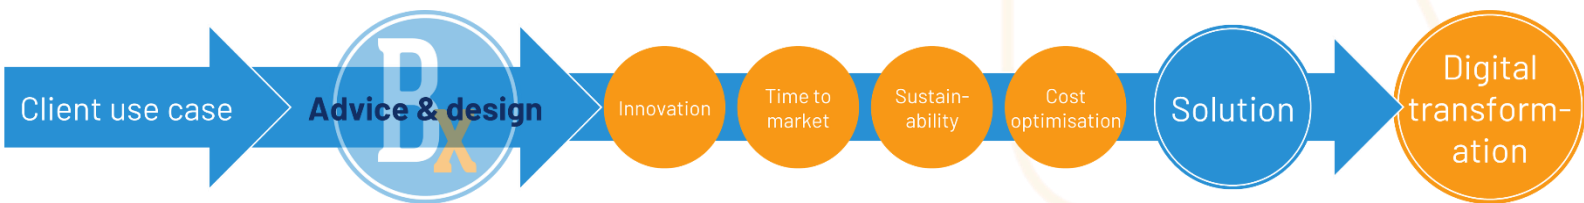

Business success: Founded in March 2018, Bexprt is a privately owned UK company.
- 90% revenue from international contracts (UK digital exports)
- Turnover has quadrupled in first 4 years
- December 2022: first international subsidiary opened in Riyadh.
- May 2023: UK Government Department for Business & Trade Made in the UK, Sold to the World award for Digital Exports 2023
- May 2024: The UK's most prestigious business award, The King's Award for Enterprise for International Trade
- December 2024: AWS Rising Star Consulting Partner of the Year for the Middle East & North Africa

Why choose Bexprt?

Targets aligned with those of our clients
Innovation, TTM, sustainability & cost optimisation

Full understanding of the different eco-system models
Business Transformation ◦ Cloud Services ◦ ICT Professional Services ◦ Cyber Security Services

The King's Award for Enterprise

In May 2024 Bexprt achieved a King's Award for Enterprise for International Trade. The Awards are the most prestigious awards for UK businesses, recognising and celebrating business excellence across the UK. On the recommendation of the UK Prime Minister, and approved by His Majesty The King, they are awarded to businesses which must complete very strict due diligence checks, and have demonstrated outstanding success in their respective fields of innovation, international trade, sustainable development and promoting opportunity through social mobility.
